Borough of Ellwood City
Sewer Tap-In Permit Application

Phase I

Application Process

I hereby apply for a sewer tap-in permit for connecting my private Sanitary Sewer into the Borough Sewer System relating to the property as listed below. This application is made with an understanding of the following two items. Please review and sign:

1. Any changes made after the original plans were approved must be resubmitted. (applicable within the Ellwood City Borough area)

2. By order of Pennsylvania Department of Environmental Protection, the Borough of Ellwood City has been ordered to report all tap-ins connected to the Borough's Waste Water Treatment Plant. For this application and subsequent tap-in to be considered by the Borough of Ellwood City as legal, the undersigned is responsible for notifying the Borough of the following information. Failure to do so could result in the revocation of tap-in privileges.

3. Signature: _____ Date: _____
